

BOOM BOOM

An Easy Alphabet Recognition Game
Kelly Findsen-Kindergarten Kel

Teacher Directions:

-Print the game cards, cut, laminate, and cut again. Use cardstock for durability.

-Shuffle cards. Place in small plastic container.

-To play, a small group of children take turns choosing cards and reading the letter. If the child reads the card correctly, (s)he may keep the card. If the child chooses a BOOM, BOOM card, they put all of their cards back. Play continues until teacher determines a stopping time. At that time, players count their cards. The "winner" is the player with the most cards.

-Both uppercase and lowercase letters are included. You may use a mixture, or just uppercase/just lowercase depending on the needs of your students.

I can:

1. Choose a card

2. Say the letter.

3. Keep the card.

If I choose a BOOM, BOOM stick, I will put all of my cards.
